16 Some consideration is due to the peculiar position of Coorg, dependent as it is on Mysore for a great part of its requirements under rice and kerosene — the more especially as the Coorg Govt. is generously giving us large allotments of rice from Burma, Bengal &c, besides allowing us to import wheat and Bengal gram free from almost all parts of India.

Even if we refuse any supplies to Coorg, it is pretty certain that there will be surreptitious Export.

17 The quantities asked for are not excessive and may in my opinion be allowed, the Exports being spread over say 12 weeks to prevent inflation of prices.

18 As regards getting something in return, Coorg is willing to let us have any amount of paddy or rice if our merchants will go and purchase it. It is not known whether the prices in Coorg at present would admit of Coorg paddy finding a sale in the Mysore State, but this can be ascertained. If the levely prices does not admit of such imports, Coorg may possibly be able to secure from the imports rice from Mysore to the extent of the quantities exported from Mysore to Coorg.

Office of the Food Controller and

Bangalore, Dated...2nd...February.....*192* 0

NO /32458

FROM

K. MATTHAN ESQ., B.A.,
Food Controller and Director of Civil Supplies in Mysore.

TO

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

I have the honour to submit herewith for the orders of Government a copy of letter No.4438 of the 29th January 1920 received from the Deputy Conservator of Forests, Coorg, in the matter of allowing the export of 1380 pallas of gram and 320 pallas of ragi to Coorg A number of applications from private parties have been received by me for permission to export horsegram and ragi to Coorg.

In this connection I beg to submit copies of correspondence ending with the Mysore Deputy Commissioner's letter No. F.321 of the 30th January in which he urges that as the harvest this year has been plentiful we may allow exports of horsegram to Coorg "without insisting upon a corresponding return of grain in bulk as we are not in need of their paddy"

It is undoubtedly a fact that Coorg like Gudalur depends upon Mysore to a very great extent for supplies of horsegram and ragi. Information has reached me from

from various sources that large quantities of horsegram and ragi are being smuggled to Coorg from the Mysore and Hassan districts, and this I understand is one reason why the price of horsegram has not gone down in Mysore to the extent that was anticipated.

There has been a good paddy crop in Coorg and although the Deputy Commissioner of Mysore says that the paddy grown there is not generally liked by Mysore people being inferior in quality, it is believed that if prices are moderate a great deal of paddy may be imported into Mysore for being converted into rice of a cheap variety which would be welcomed by the population on the Kolar Gold Field, etc.

In view of all the circumstances, I would recommend that the absolutely minimum requirements of Coorg in the matter of horsegram and ragi be ascertained and permission to export the same in weekly quantities by definite routes may be given. The Coorg Administration should agree to and arrange for the export into Mysore of a corresponding quantity of rice (or double the quantity of paddy).

The favour of very early orders is requested.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director of Civil Supplies.

Letter No. F.321 of the 30th January 1920 from the Deputy Commissioner, Mysore District, to the Food Controller and Director of Civil Supplies in Mysore, Bangalore.

In reply to your letter No.9518 dated the 26th January 1920 regarding the export of horsegram from the State to Coorg I have the honour to state as follows:-

Coorg is our neighbouring country where over half a lakh of our cooly population are earning their bread in the several coffee and tea estates. Coorg grows nothing except paddy coffee and tea and the paddy grown there is not generally liked by Mysore people being inferior in quality. Therefore the import of paddy into Mysore will not be of much avail as the merchants here are not likely to purchase it as they do Madras rice. Coorg has no other food stuffs to supply us in exchange for horsegram. Further Coorg always depends for its supply of horsegram on Mysore. If this supply is cut off on account of her inability to supply Mysore with other food grains than paddy much trouble will be caused. In order to avoid this the question of applying the bulk for bulk principle when Coorg cannot give us any other food grains than paddy requires reconsideration. The Government order referred to by you was passed at a time when our stocks were very scanty. The harvest this year being plentiful I do not see any reason why we should not allow Coorg horsegram without insisting upon a corresponding return of grain in bulk as we are not in need of their paddy. In my opinion we should have some consideration for the little province of Coorg whose interests are not foreign to our own. I would under these circumstances request that you will be so good as to refer

refer the matter to the notice of Government and obtain their orders on the subject.

Letter No.9518 of the 27th January 1920 from the Food Controller and Director of Civil Supplies in Mysore, Bangalore, to the Deputy Commissioner, Mysore.

With reference to your letter No.F.321 of the 24th instant, I have the honour to state that the export of horsegram from the State having been prohibited this order has to be given effect to as regards exports to Coorg also and no exports can be allowed except as against the import of an equivalent quantity of food grains.

Letter No.F 321 dated the 24th January 1920 from the Deputy Commissioner, Mysore District, to the Food Controller and Director of Civil Supplies in Mysore, Bangalore.

I have the honour to request to be informed if Government Order No.G.21160-4/P.P.66-80-220 dated 22nd March 1919 is now required to be enforced as far as Coorg is concerned seeing that the harvest this year has been plentiful and no imports of paddy from Coorg are required in the Mysore District in exchange for horsegram.

I shall be obliged for a definite order on this point as the supply of horsegram to Coorg from Mysore is a long standing business.

The export of gram will of course be carefully watched.

Therefore, the import of paddy into Mysore will not be of much avail as the merchants here are not likely to purchase it as they do Madras rice. Coorg has no other food stuffs to supply us in exchange for horsegram. Further Coorg always depends for its supply of horsegram as Mysore. If this supply is cut off on account of her inability to supply Mysor with other food grains than paddy much trouble will be caused. In order to avoid this, the question of applying bulk for bulk principle when Coorg cannot give us any other food grains than paddy requires reconsideration. The Government order referred to by you was passed at a time when our stocks were very scanty. The harvest this year being plentiful, I do not see any reason why we should not allow Coorg horsegram without insisting upon a corresponding return of grain in bulk as we are not in need of this paddy. In my opinion we should have some consideration and the little province of Coorg whose interests are not foreign to our own. I would under these circumstances request that you will be so good as to refer the matter to the notice of Government and obtain their orders on the subject.

Letter, No.4508 C.1 dated 4th February 1920 from the Deputy Conservator of Forests, Coorg, to the Deputy Commissioner Mysore District.

In view of the Mysore Government's Notification No.G.15436 P.P.26-19-73 dated 9th January 1920 which has just reached me, I have the honor to send you a copy of my Ref. C.No.4438 dated 29th January 1920 to the Food Controller in Mysore, as from the above Notification it is apparent you are the officer who is authorised to issue licenses to the Coorg Forest Department.

I request that you will be good enough to issue the licenses requested in my letter to the Food Controller, Mysore at a very early date.

Letter No.4085, dated the 17th February 1920, from C.A. Souter, Esq., I.C.S., Commissioner of Coorg, Mercara, to the Secretary to the Chief Commissioner of Coorg.

With reference to your endorsement No.516, dated 11th February 1920, regarding the import of gram and ragi from the Mysore Province for the consumption of the Coorg Forest Department, I have the honour to state that, as there is no control of food grains in Coorg, any merchant of Mysore can freely -- purchase and export from this country any amount of paddy or rice. I, therefore, request that you will be so good as to place this aspect of the matter before the Durbar and to ask them to permit the export of 1,380 pallas of horse-gram and 320 pallas of ragi without insisting upon the Coorg Government supplying them in return with paddy or rice.

Dated Bangalore, 24th March 1920.

SIR,

I am directed to invite a reference to the correspondence ending with your letter No.G.20694/P.P.26.19.113, dated the 8th March 1920, regarding the export from Mysore of 1380 pallas of horse gram and 320 pallas of ragi required by the Coorg Forest Department.

2. I am now to forward, for the consideration of the Durbar, a copy of a letter Ref.C. No.4342, dated the 14th March 1920, from the Commissioner of Coorg, and to say that the Chief Commissioner would be glad if the Durbar would as far as possible facilitate export to Coorg of the commodities in question up to the required limits.

I have the honour to be,
Sir,
Your most obedient servant,

Secretary to the Chief Commissioner.

Dup

Letter Ref C. No 4643, dated the 14th March 1920 from C.A. Souter Esq., I.C.S., Commissioner of Coorg, Mercara, to the Secretary to the Chief Commissioner of Coorg Bangalore.

I have the honour to state that, on account of the utter inadequacy of the suply of gram and ragi to the markets of Coorg, people are unable to meet their requirements and are put to much hardships. The little that is brought for sale sells at a very high price, gram selling at 4 to 5 seers and ragi at 7 to 8 seers, a rupee. The minimum requirements of these commodities per week have been ascertained to be 347 pallas of ragi and 218 of gram. These quantities are the absolute minima and are spread over the province as detailed in the margin. I request that you will be so good as to move the Chief Commissioner to negotiate with the Mysore Durbar to release the above quantities every week for export to Coorg As stated previously the Durbar can export any quantity of paddy from this country as the export of paddy is not controlled.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

In continuation of my unofficial Note No.4301 of the 29th ultimo, regarding supplies of ragi and horsegram to Coorg, I have the honour to submit herewith copies of letters No. F.464 dated 9th instant from the Deputy Commissioner, Mysore District and No. F.S. D dated 8th instant from the Deputy Commissioner, Hassan District, regarding the quantity of grains that they are prepared to allow Coorg to take from their districts.

The Deputy Commissioner of Mysore is prepared to allow the export of 347 pallas of ragi and 100 pallas of horsegram per week from the Hunsur taluk. The quantity of ragi required by Coorg from Hunsur per week is only 270 pallas, the remaining 77 pallas asked for by them being for Somwarpet, Sanivarsante and Kodlipet, which must receive their supplies from the Hassan District. The Deputy Commissioner Hassan is prepared to allow the export of 50 pallas of ragi per week and no horsegram from his district.

Efforts to arrange for the import of Coorg paddy have so far been not successful. The President of the Mysore Municipality says that the Coorg paddy being coarse none of the millowners in Mysore are willing to import it. As we cannot count on getting any supplies

supplies from Coorg, I would propose that the exports to Coorg per week may be limited to 200 pallas of ragi and 100 pallas of horsegram. Of the ragi 150 pallas may be from the Mysore district and 50 from the Hassan district and all the horsegram may be drawn from the Mysore district.

Very early orders of Government are requested.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director.

Letter No. F.464 dated 8/9th April 1920 from the Deputy Commissioner Mysore District to the Food Controller and Director of Civil Supplies in Mysore.

With reference to your letter No. 11923-28 dated the 29th March 1920 regarding the supply of 347 pallas of ragi and 280 pallas of horsegram per week to the 12 shandies of Coorg, I I have the honor to state that 347 pallas of ragi and 100 pallas of hrosegram may be allowed to be exported every week, from Hunsur taluk.

"C O P Y"

For Food Controller and Director of
Civil Supplies in Mysore.

Letter No. F.S. D. Dated 4/8th April 1920 from the Deputy Commissioner Hassan District to the Food Controller and Director of Civil Supplies in Mysore.

With reference to your letter No. 11923-24 dated 29th March 1920, forwarding a copy of letter from the Commissioner of Coorg to the Secretary to the Chief Commissioner requesting the supply of 347 pallas of ragi and 280 pallas of gram per week to the Santees in Coorg, I have the honor to state that Manjarabad and Arkalgud Taluks are the only taluks which adjoin Coorg, that there is no cultivation of ragi and horse gram in the Manjarabad Taluk being malnad, and that Hassan and other Maidan Taluks supply these commodities to this Taluk. Arkalgud is the only border Taluk where ragi and horse gram are cultivated.

2. The subject was discussed in the meeting of the District Food Supply Committee held on the 3rd instant and a Copy of the resulation is herein enclosed for information.

3. The crop of horse gram throughout the District has been poor and is hardly sufficient for local requirements. Prices are also ruling high, and it is not possible to spare any gram for Coorg.

4. Ragi has not been coming to markets of this District so freely as rice, and we cannot afford to give any stipulated quantity, but the Committee is agreeable to the customary exchange of Coorg paddy and Mysore ragi in the Arkalgud taluk in the proportion of 1¼ of the former to one of the latter, provided that the quantities exchanged are supervised by the Ookad staff of the Arkalgud taluk, and the export of ragi

is

does not exceed 50 pallas per week and the period of this arrangement does not extend beyond end of June 1920, when the mansoon would have begun.

5. After hearing from you that this arrangement has been accepted, I will issue necessary instructions
